

DANVILLE WAREHOUSES BALK AT NEW CONTRACT

DANVILLE, Va., April 12.—Two of the largest warehouses of South Boston have balked at signing the contract with the Tobacco Growers' Co-operative Marketing Association. After studying the terms of purchase the managers announced that they could not enter into such an agreement and stated that both houses would open for the auction sales of leaf here next season. The Danville warehouses have already taken a stand against parting with their property. The town of Wil-

son, N. C., which is the largest bright leaf market has taken a vigorous stand against the new marketing proposition. In that region, however, the rural section is not so well organized as it is around Danville.

SAY SLEEPLESS NIGHTS ARE A THING OF PAST

Adam Latsha Heartily Endorses Tonnall as the Best Tonic and System Builder.

There are very few persons in Shamokin who have a larger circle of friends than Adam Latsha, of No. 941 Arch street, Shamokin, Pa., and when a man of his prominence and knowledge of herbs, roots and barks endorses Tonnall as the best tonic and system builder, he certainly must know. For years in his garden, he has planted and raised some of the most useful herbs known to the medical profession; yet the combination of herbs, contained in Tonnall is what brought relief to Mr. Latsha, as he has been a sufferer for years with stomach trouble and weakness of the kidneys, and at times could not sleep and had taken various remedies to relieve these ailments, but without any noticeable improvement. We are glad to say Mr. Latsha gave Tonnall a good test before he gave a testimonial pertaining to the good results he has received through the merits of Tonnall. Mr. Latsha states he is past three score and ten, and Tonnall has proven to him at his advanced age to be the master medicine. What would it do for you young and middle aged?

Above testimonial given September 14, 1920.

TONALL is for sale at all Peoples Drug Stores, Washington, D. C.

BIG NAVY HOUSE MEMBERS HAVE VICTORY HOPES

Jubilant at Brightening of
Chances for Strength of
86,000 Personnel.

By A. O. HAYWOOD,
International News Service.

"Big Navy" men were jubilant today over the brightening chances in the house of adopting the \$6,000 navy program instead of the \$7,000 proposed by the powerful Appropriation Committee.

It is apparent that with the open endorsement of the "big" navy by Secretary of State Hughes the full weight of the Administration has been thrown upon the scales in favor of the 5-5-3 treaty navy, with American ships fully manned and of highest efficiency.

While refraining from public comment, President Harding has told his House friends unofficially, it is stated, that he desires the \$6,000 navy as the minimum. He believes that a navy smaller and weaker than this would not be a treaty navy and would lose prestige for the United States. Congressman Longworth is understood to have carried a message to House leaders today to this effect.

Republican House leaders, interested in putting through their economic legislative program are worried over the break from the Republican "reservation" of their soldier-

legislators, Johnson and Woodruff. These two Congressmen are out in bitter criticism of the War and Justice departments and their chiefs. It is feared insurgency will spread until the House majority becomes unmanageable.

Two months ago these leaders held back the navy bill, believing that with time they could win over to support of the \$7,000 navy program a strong majority of votes. The same leaders today are pressing for the earliest possible action by the House on the bill. Regular business for today was set aside that debate on the bill could be ended and its reading for changes might be started.

FATHER SEIZED AS KIDNAPER OF 9-YEAR-OLD GIRL

Arrest of Brentwood Man Se-
quel to Separation Granted
to Wife.

Dissatisfied with the decision of the District courts in giving the custody of his nine-year-old daughter to his wife, when she was recently granted a separation from him, George Frederick Harting, forty-one years old, a carpenter, of Brentwood, Prince Georges county, is alleged to have kidnapped the child on March 22.

Harting was arrested yesterday at his home by Constable Thomas H. Garrison of Hyattsville, on an indictment by the Washington grand jury, which charges he kidnaped his daughter, Dorothy.

According to Detective Sergeant James R. Stringfellow, Harting drove in his automobile to the home of his wife, Mrs. Clara D. Harting, 340 L street southwest, on March 22 and called the girl to the car. When she stepped on the running board, Harting is alleged to have placed his arm around her and to have driven off.

When the court recently granted Mrs. Harting a separation, Harting was given the custody of his ten-year-old son, George Frederick Harting, Jr., and the mother the custody of the daughter. Harting was released on bail this morning pending trial on the kidnapping charge.
